Background
The National Board for Safeguarding Children in the Catholic Church in Ireland (NBSCCCI) was asked by the Sponsoring Bodies, namely the Irish Episcopal Conference, the Conference of Religious of Ireland and the Irish Missionary Union, to undertake a comprehensive review of safeguarding practice within and across all the Church authorities on the island of Ireland.

The NBSCCCI is aware that some religious congregations have ministries that involve direct contact with children while others do not. In religious congregations that have direct involvement with children, reviews of child safeguarding have been undertaken by measuring their practice compliance against all seven Church standards. Where a religious congregation no longer has, or never had ministry involving children and has not received any allegation of sexual abuse, the NBSCCCI reviews are conducted using a shorter procedure. The size, age and activity profiles of religious congregations can vary significantly and the NBSCCCI accepts that it is rational that the form of review be tailored to the profile of each Church authority, where the ministry with children is limited or non-existent. The procedure for assessment of safeguarding practice with such congregations is set out in the contents page of this report. The NBSCCCI welcomes that in order to have full openness, transparency and accountability, religious congregations that do not have ministry with children have made requests to have their safeguarding practice examined and commented upon.

The purpose of this review remains the same and it is to confirm that current safeguarding practice complies with the standards set down within the guidance issued by the Sponsoring Bodies in February 2009 Safeguarding Children: Standards and Guidance Document for the Catholic Church in Ireland and that all known allegations and concerns had been appropriately dealt with.
To achieve this task, safeguarding practice in each of these Church Authorities is reviewed through an examination of policy and procedures, and through interviews with key personnel involved both within and external to the religious congregation.

This report contains the findings of the Review of Child Safeguarding Practice in the religious congregation of the Benedictine Monks of Perpetual Adoration undertaken by the NBSCCCI in line with the request made to it by the Sponsoring Bodies.

The findings of the review have been shared with a reference group before being submitted to Dom Mark Kirby, Prior, along with any recommendations arising from the findings. The review is not based on a review of case material as during the relevant time period there were no allegations made against members of the congregation that were within the Terms of Reference. There also were no allegations in respect of other forms of abuse within the time period, in respect of deceased and living members of the congregation. The review therefore is primarily based on policies and procedures made available plus interviews with key personnel involved in the safeguarding process within the congregation, particularly in the services run by the congregation.
Introduction

Silverstream priory, founded in 2012 in Stamullen, County Meath, Ireland is an autonomous house of Monks living under the Rule of Saint Benedict and dedicated entirely to divine worship in the contemplative life. They undertake various works compatible with their monastic vocation, notably retreats to the clergy, writing, and publishing.

Past and present role with children
The Benedictine Monks in Silverstream Priory have had no direct role with children since the establishment of the community in 2012. The only contact at present is with family groups that may attend Sunday Masses held at the Priory.

There are also currently visitors to the Priory, which may include children, in the company of their parents. The Prior advises that where the public attend mass in the Priory that the Monks are screened off behind a grille and that there are no altar servers. He further advised that any priest from outside the Priory who visits only says Mass in private. It is important however if in the future there could be any services that may potentially involve children that the Prior ensures that a system is put in place for checking that visiting priests are in good standing and that there is a process for signing in of visiting priests who may celebrate Public Mass in Silverstream Priory.

It is proposed that in 2016 a scouting group established under the auspices of Gasoga na hEuropa will hold some of its meetings within parts of the priory and/or the grounds. Contact was made by the reviewer with this group and access was given to their Child Protection Manual draft which was due to be signed off in March 2016. While this organisation falls outside the terms of reference of the National Board review, given the interconnectedness with the Benedictine Monks in Stamullen, it was deemed appropriate to review the Scouting Groups child protection manual, which was in draft form and volunteered for review. This was a comprehensive document and clearly sets out the responsibilities to safeguard young persons who may be engaged within the scouting framework noting that the definition of scouts will also include guides . The adults involved with the scouts will primarily be parent supervisors who will receive appropriate training and vetting prior to the group being established. One of the Silverstream Monks will be charged with giving talks to the young people as and when needed. This Monk will be vetted through the National Youth Council who have agreed to facilitate vetting of the adults involved.

Recommadation 1
The Prior must ensure that for public ministry, there is a signing in and out system and a system for ensuring that visiting priests who maybe engaged in public ministry are checked to ensure they are in good standing.

Profile of members
Within Silverstream Priory there are four professed Monks, two of whom are priests. One Monk is aged 26 years, two Monks are aged between 32-34 years and one Monk is aged 63 years. In addition seven men are presently (March 2016) engaged in testing a call to monastic life at Silverstream Priory.
Policy and Procedures
The safeguarding practice and policies documents in place in the Diocese of Meath are applied by the Benedictine Monks of Perpetual Adoration.

There is no Designated Liaison Person within the priory of Silverstream at present; The Prior has approached the Diocese of Meath whose DLP has agreed to take on this role for the Monks in Stamullen.

The reviewer noted that during the timeframe of this review a Safeguarding statement was placed on the Priory’s website. This is a clear statement which references the Diocese of Meath’s policies but also gives additional safeguarding guidance specific to Silverstream Priory. This statement also gives relevant details of the key contact numbers for the agencies involved in the safeguarding of children. A version of this statement would usefully be placed in areas of the Priory which may be accessed by the public.

Structures
Given the small number of Monks in this community and the fact that there is no direct ministry with children, the safeguarding structure will be limited to the Prior and the Designated Liaison Person (DLP). The reviewer has been advised that the DLP for the Diocese of Meath will act as the DLP for the Benedictines in Stamullen. The NBSCCCI is satisfied that this would be adequate.

Management of allegations and Liaison with Statutory authorities
The Benedictine Monks of Perpetual Adoration have never had to deal with any safeguarding concerns or to manage any cases of suspected abuse since their establishment in 2012 in Silverstream Priory. On that basis they have not had to develop a working relationship with either HSE/TUSLA or An Garda Siochana.

Conclusions
The Institute of the Benedictine Monks of Perpetual Adoration at Silverstream Priory in Stamullen has, at present, no direct contact with children, there being no current or past educational or caring role for children in place within this community. However visitors may assist at Holy Mass and the Divine Office from the separate part of the Oratory reserved for them. As noted already in this report there also will be scouts on site in due course with robust procedures in place for ensuring the safeguarding of these young people.

In view of the above issues it is important that the monks in Silverstream Priory maintain good child safeguarding practices to enable outside contact to continue safely and follow the guidance within the Diocese of Meath’s safeguarding documentation and their own additional guidance.
Review of Safeguarding Practice - Congregation of the Benedictine Monks of Perpetual Adoration

Review of Safeguarding in the Catholic Church in Ireland
Terms of Reference (which should be read in conjunction with the accompanying Notes)
Small Religious Congregations

Introduction
In order for the National Board to be able to state that all Church Authorities on the island of Ireland have been evaluated in respect of their child safeguarding policies and practices, both historical and current, then some form of appropriate assessment has to be conducted of every one of these. It is rational however that the form of assessment is tailored to the profile of each Church Authority, and that needless expenditure of resources and unnecessary interference in the life of religious orders and communities that have no children-specific ministry would be avoided. This Review seeks to examine the current arrangements for safeguarding children across small Religious Congregations /Orders, and Missionary Societies in Ireland who have limited or no direct contact with children as part of the Congregations ministry. It would also scrutinize practice within all known cases to ensure that they have been responded to appropriately.

The review’s methodology is an adaptation of the methodology developed for all Dioceses and large religious congregations and missionary societies, where the ministry involves regular contact with children.

The proposed Review would consider the following:-
(a) Former role with children
(b) Allegations of child abuse against members and how these have been responded to
(c) Existing relationships with statutory authorities such as the HSE, Gardai in the Republic and the HSCT or PSNI in Northern Ireland.
(d) Policies in place and being applied for safeguarding children
(e) Roles and responsibilities and where they exist the operation of Advisory Panels, and Safeguarding Committees

The objective of the Review would be to confirm if there have been any allegations and how known allegations have been responded to; in addition the review seeks to confirm what the current arrangements for safeguarding children are. In particular, emphasis will be placed on establishing how policies and practice matches up to the standards set down in the Safeguarding Children Guidance published by the National Board for Safeguarding Children in the Catholic Church launched in February 2009. Priority, at all times, will be given to how policy and practice can be improved and strengthened. If policies and/or practices are identified that are concerning, inadequate, or dangerous, they will be addressed through the provision of guidance and support, and through the reporting of these situations to the appropriate statutory authorities, if this has not already happened. Similarly, those that are good examples will be highlighted with a view to them being adopted comprehensively across all parts of the Church. All cases that relate to alleged or known offenders that are alive will be read and included in the Review. In cases where the alleged or known offender is deceased, these will be sampled in an attempt to gather learning from them that will be used to inform the framing of recommendations.

Guidance Documents
The Review will be guided by the following:-
(a) Safeguarding Children: Standards and Guidance;
(b) Children First Guidance in ROI; and Regional Child Protection Guidelines in Northern Ireland;
(c) Legislation that exists in each jurisdiction which contributes to safeguarding children and young people.
The Review will be undertaken by the National Board for Safeguarding Children through their National Office and led by the Chief Executive Officer.

The Review process will be overseen by a Reference Group to whom the CEO will report on a regular basis. The membership of this Reference Group has been drawn from each of the statutory child protection agencies in both jurisdictions, along with eminent individuals in the field from academia. The current Reference Group consists of: Dr Helen Buckley (TCD); Mr Paul Harrison (Tusla), and John Toner (SBNI).

It is important to confirm that the value of the Review is dependent upon full and complete access to all relevant documentation and information relating to the abuse of children known to the individual Church authorities. The Review will proceed on the basis that willingness exists on the part of each of the subjects of the Review to provide full access to the fieldwork team, subject, where relevant, to the terms of the Data Processing Deed agreed between the Sponsoring Bodies and entered into between the parties hereto.
Step Guide to the Review Process

Step 1.
A letter of invitation to review is sent by the Provincial/Regional Superior or other person responsible for the Congregation/Order or Missionary Society (hereinafter referred to as ‘the Ordinary’).

Step 2.
The CEO will forward a survey to the provincial which will identify:

- Current number of members
- Past role with children
- Current role with children
- Total number of allegations received up to 2014
- Number of living members against whom there are allegations

Step 3.
For any Order where there have been allegations a full review will proceed, as per step 4-23. For those Orders where there have been no known allegations a desk top examination of policies and procedures will take place followed by a site visit to interview all relevant personnel within the safeguarding structure. For these orders step 5 and 13-23 will apply.

Step 4.
The CEO and Ordinary will confirm the dates for the fieldwork for the Review, and names of the fieldwork team.

Step 5.
The Church Authority will be asked to make available all of the case files and related documentation in respect of any safeguarding concerns that have been identified within the diocese. The Church Authority will make available a room with wireless internet access for the reviewers to conduct their review of files, so that any records made by the reviewers can be directly typed and stored onto a secure server which is only accessed by the reviewers. In the absence of internet access the reviewers will type their notes onto a secure encrypted USB stick for later uploading onto the secure server.

Step 6.
The Church Authority will be requested to sign the revised Data Processing Deed prior to the arrival of the team.

Step 7.
The Church Authority will arrange a schedule of interviews with all who hold safeguarding roles within its functional area. The designated person and the Church Authority will be available to the reviewers throughout the period of fieldwork.

Step 8.
The fieldwork team when they arrive on site will firstly confirm that they have a suitable place to work in and that all the required documentation has been provided to them for their Review. In the event that the fieldwork team forms the opinion that the Church Authority has not provided access to all such documents, the Board shall give notice in writing to the Church Authority of the opinion of the fieldwork team and such notice shall specify the reasons for same. Thereupon, the Church Authority shall respond in detail to the Notice. Each party shall use its best endeavours to resolve any differences of opinion which shall arise and, in the event that resolution is not arrived at, the
parties will attempt to resolve the dispute by recourse to the services of a mediator agreed between
them or nominated for the purpose at the request of any of them without prejudice to the Board’s
entitlement to terminate the Review. In the event that resolution has not been arrived at following
mediation, either party shall be at liberty to terminate forthwith the Review.

Step 9.
On arrival, the fieldwork team should be supplied with a single case file index that lists all the cases
that have been created within the diocese. These may be divided into two groups. The first group
will contain all allegations that relate to living alleged or known perpetrators. The second will
contain any that are deceased.

Step 10.
Depending on the volume involved a decision should be made as to whether all or a random sample
of the “deceased group” should be reviewed. Care should be taken to include all prominent cases in
the sample.

Step 11.
Each case file will be reviewed by each fieldworker independently in the first instance. They will
create a written summary with chronological information of the case. In certain cases a second
reader may be required; this will be discussed and agreed between the fieldworkers.

Step 12.
Following the reading of the case and the creation of a summary, the fieldworkers will analyse and
assess the actions taken in the case. They will assess compliance with agreed Church policy that
was extant at that time. They will also indicate whether any current risk exists in respect of the
information contained within the file and advise the church Authority of necessary safeguarding
action to reduce the risk.

Step 13.
When all the case files have been read, the fieldwork team will then examine and review any
procedures or protocols that exist within the diocese to confirm that they are in compliance with the
Safeguarding Children: Standards and Guidance document issued by the NBSCCCI in February of
2009.

Step 14.
To complete the Review, the fieldwork team will then seek to speak to those directly involved in the
safeguarding structure in the diocese. This should include the Advisory Panel, a sample of parish
safeguarding representatives, the designated person, the safeguarding committee, victim support
and advisors and the Bishop/Provincial. The purpose of these interviews is to form a view of the
competence and effectiveness of the safeguarding structure that exists within the Church Authority.

Step 15.
The fieldwork team will also seek to speak to representatives of the key statutory agencies to
provide them with an opportunity to express their views on the quality of the working relationships
that exist between them and the Church Authority.

Step 16.
A verbal feedback session on initial key findings will be given to the Church Authority.
Step 17.
Upon completion of the field work, the team may request to take materials – other than casework records to review off-site; this alongside all materials gathered by the reviewers, including written notes on cases and meetings will be analysed and will form the basis of the draft assessment review report.

Step 18.
The draft will be forwarded to the Church Authority for factual accuracy checking.

Step 19.
Alongside all other reports under review, the report will be presented in draft to the Reference Group for their critique and comment. If further work is required at the direction of the Reference group the CEO will ensure this work is completed and advise the Church Authority accordingly.

Step 20.
The report will be legally proofed by NBSCCCI lawyer.

Step 21.
The report will be forwarded to the National Board for approval

Step 22
A final draft report will then be submitted to the Church Authority. The expectation would be that the Report will be published by the Church Authority at an agreed time in the future.

Step 23.
All case material written, including summaries, as part of the review, which are for the reviewers use only, will be stored on a secure server.

Guide for Reviewers
In terms of small (female religious orders) reference should be made to the following:

1. Has the Order provided alternative care to children in an orphanage, industrial school or children’s residential home, but no longer is engaged in running such services;
2. Has the order provided education to children, in both or either boarding schools and day schools, but no longer does so;
3. Has the order provided medical and/or nursing services to children, but no longer does so;
4. Has the order provided any other services to children, in community services centres, youth clubs etc., and no longer does so;
5. Does the order currently provide any sort of service to children and families that brings them into regular contact with children;
6. Has the order never provided any service to children (e.g. contemplative orders).

In relation to category 1 above;

1. The reviewers will establish whether any service they provided is included in the list of children’s residential services produced by the Residential Institutions Redress Board (RIRB);
2. If this is the case, reference should be made to this.
3. If complaints have been referred to the Redress Board or Ryan Commission, this review cannot access these records and that will be stated in the report.
4. If the order has received complaints which have not been processed through Redress or Ryan these cases will be thoroughly examined as detailed above.

Review of Policy and Procedures

1. It is recognised that not all Orders will have any ministry with children and therefore their policies and procedures should reflect the work that they do with children.

2. If the Order only works through other organisations, example in Diocesan work or in schools, they are required to follow the policies of those organisations.

3. If there are gaps in the policy document an assessment should be made as to whether the ministry engaged in requires full compliance with all criteria attached to the seven standards.

4. Where it is clear that the criteria do not apply a reference should be made at the beginning of the review report that the Order’s ministry is not directly with children and therefore adherence to particular criteria do not apply.

5. In the Order is a contemplative Order, there is no expectation that they will have detailed policies and procedures, but reference should be made to their ministry and that they have no contact with children.

6. In all cases, contact will be made with the civil authorities to identify if they have any child safeguarding concerns in relation to the order.
